COLLEGE GETS BIG GIFTS

**Distinguished Guests Present
When Nearly Thousand Young
Men Receive Diplomas.**

Cambridge, Mass., June 30.—Agreeing to aid Governor Charles E. Hughes to have passed by the New York legislature "the legislation affecting our political structure which the governor feels to be essential to our wholesome political life," former President Theodore Roosevelt, at the Harvard University commencement day luncheon in Memorial Hall yesterday, broke the silence on political matters which he has maintained since emerging from Africa's wilderness.

The colonel said he had sent a message, as emphatic as he could make it, to New York friends to uphold the governor in his ideas.

Colonel Roosevelt's presence as the president of the Alumni Association was the feature of the day's exercises, though Governor Hughes was warmly greeted everywhere.

President A. Lawrence Lowell announced at the luncheon a total of \$580,000 in gifts received by the university during the year. The class of 1885 alone contributed \$104,597.

Guest and host in one, Theodore Roosevelt brought energy and animation to Commencement Day at Harvard University.

The cheers that marked his passage to and from among the buildings of the ancient yard indicated his position as chief guest of the day, while his presence at the head of the table at the commencement luncheon in Memorial Hall was the token that he was host by virtue of his office as president of the Harvard Alumni Association.

He did not don the cap and gown, to which his degrees bestowed upon him by many universities entitle him, but wore a black frock coat and silk hat.

It was "Roosevelt of the class of 1880," and he had a busy time shaking hands with old college friends.

Other distinguished guests also were within the university's halls, and when the great audience in Sanders theatre saw Governor Charles E. Hughes, of New York, stand to receive an honorary degree, it burst into great cheers and applause. J. Pierpont Morgan, New York financier, and General Francis Porter, former ambassador to France, were also awarded honorary degrees. Nearly a thousand young men received their diplomas.

Colonel Roosevelt last night went to Nahant to spend the night as the guest of United States Senator Henry Cabot Lodge.

In opening the alumni meeting Col. Roosevelt, after expressing his thanks for the honor conferred in making him president of the association, said:

"In the first place, I come home with an increased and hearty friendship and good will for other countries. I have visited many different nations and the more I see of decent people of other nationalities, the more I realize the truth of Abraham Lincoln's statement that there is a deal of human nature in mankind.

"A good man is a good man anywhere, and a scoundrel ought to be made to pay the penalty of his scoundrelism, whatever his birthplace or nationality.

"And yet, with that feeling there has come a constantly increasing understanding on my part of the fact that the man who wishes to be a good citizen of the world must first and foremost be a good citizen of his own nation.

"I have been given honorary degrees by certain universities on the continent of Europe and in England. I am deeply grateful therefore, I appreciate the honor.

"It was the keener pleasure to me to visit those universities I admire them with all my heart.

"And now, having said that, you will not misunderstand me when I say that I come back feeling more truly than ever that the place for a man to be educated is his own home. Let him be sent to school and to the university here in the United States.

"If he has a chance to take a post graduate course elsewhere, as his tastes and needs dictate, good; but let him have the foundation laid here, where his citizenship must be exercised.

"Let me point out, also the fact that you cannot be useful abroad unless you are useful at home."

NEW PLANS NECESSARY FOR NEWARK POSTOFFICE APPROPRIATION IS \$190,000

Congressman Wm. A. Ashbrook on Friday received the following telegram from Washington:

"New public building act increases limit of cost for site and building at Newark, Ohio, \$190,000. Total limit now \$190,000. New survey civil appropriation \$7,000 for continuation of building, making total appropriations to date \$200,000. Plans will have to be revised."

Signed: "A. PATT ANDREW," Assistant Secretary Treasury.

This means that the plans upon which bids were recently received will be discarded and the government architects will prepare a new set of plans and specifications for the Newark building as a much better building can now be erected here since the appropriation has been increased.

At first the sum of \$90,000 was allowed by the government. Mr. Ashbrook had \$20,000 of this sum appropriated and out of this sum, the Shreveport site was purchased. He showed that the next appropriation was not large enough to cover the cost of the building as planned, hence the additional appropriation above referred to. However, since the recent increase of \$100,000 makes a total of \$190,000 available for the Newark building.

new plans will at once be prepared. The additional appropriation means delay in building the postoffice at the corner of First and Main streets, but Newark can well afford to wait, as she will get a much more attractive and a much better building than could have been made for the smaller appropriation.

Mr. Ashbrook deserves much credit for the effective work he has done in securing the additional appropriation. Mr. Ashbrook himself gladly gives credit to Senator Dick and Senator Scott but the forcible effort made by political enemies of our popular congressman to detract from Mr. Ashbrook's credit in this postoffice matter is ridiculous to those who know of the earnest and effective work Mr. Ashbrook has done at Washington, in Newark's behalf.

Newark will get a hand-some federal building, thanks to Mr. Ashbrook, and Newark is at the same time thoroughly appreciative of the splendid work of Senator Scott and Senator Dick in succoring in their effort to have Newark's appropriation increased. Senator Scott's interest in this matter is due to his warm personal friendship for Captain A. H. Halsey, the well known glass manufacturer and capitalist of this city.

GOV. HARMON WILL REMAIN IN COLUMBUS UNTIL TROUBLE OF UNION CAR MEN IS SETTLED

Columbus, June 30.—The situation growing out of the demand by attorneys of the union street car men of Columbus that Governor Harmon remove from the state board of arbitration North H. Swayne of Toledo, and Secretary Joseph Eason of Columbus on grounds of inelegibility, was somewhat simplified today by the resignation of Mr. Swayne.

The governor said today that he had nothing to give out relative to the matter. It is known, however, that he is not displeased at the turn affairs have taken. Swayne's resignation makes it possible for him to select a new man who will be satisfactory to the union men and at the same time it removes the possibility of his incurring the enmity of the union men by refusing to yield to their demands. Secretary Eason refuses to resign.

Today he sent a written communication to Attorney General Denman setting forth his qualifications as a member of the board asking the attorney general to pass on his eligibility to serve.

The removal of Mr. Swayne was demanded on the grounds that at the time of his appointment he was not an employer of labor and did not represent any employers' association. Bishop's removal was asked on the ground that he was not a member of a labor union and did not represent a labor union and did not represent a labor union.

Governor Harmon today gave up his original intention to leave this afternoon for Michigan on his summer vacation. It was announced at his office that he would remain in Columbus until next week when he hopes the row will be settled.

Beverly, Mass., June 30.—A small army of newspaper men invaded the summer capital today in anticipation of the conference to take place this afternoon between Colonel Theodore Roosevelt and President Taft. There is much speculation regarding the program, as it will be the first time the president and his predecessor have met since Roosevelt left for Africa over a year ago.

CAPTAINS OF YALE HARVARD CREWS

New London, Conn., June 30.—The Harvard freshman eight defeated the Yale crew by one length in the first of the intercollegiate regatta races. Harvard secured a lead early in the race. Time, Harvard 11:57, Yale, 12:02.

CAUGHT MAN-EATING SHARK.

Seattle, June 30.—After seven hours' struggle, the combined crews of the 30-horse power gasoline fishing boats Good Partner and Pioneer II, captured a man-eating shark 36 feet long, weighing about 15 tons, in the Straits of San Juan Del Fuca, between Port Crescent and Port Angeles.

In the shark's belly they found pieces of bone and a piece of Kodak plate.

ROOSEVELT'S BROTHER-IN-LAW FOR GOVERNOR

Winsted, Conn., June 30.—Rear Admiral Cowles retired, of Farmington, brother-in-law of Colonel Roosevelt, is now prominently mentioned as a possible candidate for governor on the Republican ticket this fall. His name beams on the political horizon since

the fact became generally known that Charles A. Cowdin of Hartford, who is seeking the nomination in a near relative of J. Pierpont Morgan and a director of the New York, New Haven and Hartford railroad, Everett J. Lake of Hartford, who was a football player at Harvard, is also making a determined effort to land the nomination.

LONGEST DIVE ON RECORD

WAS FISHED OUT UNHURT

**Says He Was Hit Hard and Was
Partly Stunned When
Picked Up.**

New York, June 30.—A sharp-featured, undersized youth, in ragged running trunks, with a skimpy coat and an old pair of trousers thrown over them, dived successfully yesterday afternoon from the center span of Brooklyn Bridge to the East River, 135 feet below, for \$250 in cash, two new suits of clothes and whatever fame the world may hold in store for a bridge jumper.

The late Steve Brodie, acquired fame as a bridge jumper and long ran a Bowery saloon on the strength of it, but many say it was never proved that Steve really jumped. Several would-be suicides have been fished out of the river unhurt after jumping, but Otto Eppers is the first to jump with unquestioned witnesses, as part of a pre-arranged plan.

The boy's first words when he was fished out of the river by the crew of a passing tug, were: "Gee! But I hit hard."

His next were: "Say, who's got the makin' of a cigar?" The son of a lithographer, he weighs about 110 pounds and has been an unofficial swimming champion of the East river ever since he got into the big boys' class. Recently he heard that a Brooklyn merchant was willing to pay \$250 out of his advertising appropriation to the first man who would jump from any one of the bridges over the East river.

Otto was the boy for the job. He had jumped 104 feet from a bridge once before, and the addition of a few feet more never caused him so much as a thought.

"Sure, I'll do it," he said, and he did.

Otto meant to dive from the new Manhattan bridge, because he thought it was higher. The height in reality is the same for all of the East river bridges, but the police were too watchful. He meant to shed his coat and trousers, but he didn't have time. He meant to take off his heavy boots, but the river did that for him.

He meant to lie in one long, sweeping arc, "but somehow," he said afterwards, "I started to twist, and then I couldn't stop." Passengers on the ferryboats who saw him, said he turned like a pinwheel.

"I wasn't scared a bit until I jumped," he continued, "but I don't remember anything after I hit until I came up again," he was found floating on his back, half-groined and paddling feebly. "I could have swam ashore," he boasted, and in the next breath admitted, "but I wasn't feeling very spry."

A rubdown and two hours of rest in a hospital found Eppers fit to appear in police court, where he was promptly discharged for lack of evidence that he had attempted suicide. He hopes now to become a shining star in some dime museum. In his coat pocket, when he was fished out, was a rough advance sketch of his plunging, signed proudly, "That Bridge Jumper, O. Eppers."

Upper Sandusky, June 30.—In an automobile accident early today, Ralph Beidler, a prominent local hardware merchant, was killed, Rev. E. E. Lashley, pastor of the Presbyterian church, was probably fatally injured and Mr. Stoneburner, a director of the Citizens Savings Bank, and James McConnell, proprietor of the Stoll Casket Works, were badly injured. The party started for Toledo in Stoneburner's auto, and turning a corner Stoneburner ran into a culvert, completely overturning the machine.

No, Maude, dear, we have never heard that windows in the Christian Science churches were painless.

MRS. ALVA ASTOR MAY MARRY LORD CURZON

New York, June 30.—Close friends of Mrs. Alva Astor declare her engagement to Lord Curzon will be announced soon. Mrs. Astor was divorced a few months ago from Col. John Jacob Astor and is at present in London. The Duchess of Marlborough accompanied Mrs. Astor when she spent a week at Lord Curzon's country home recently, and the former representative of Great Britain in India has been daily in the company of Mrs. Astor.

ORGANIZATION OF DEMOCRATIC STATE EXECUTIVE COMMITTEE

Columbus, June 30.—Senator Hugh L. Nichols of Clermont county, was formally elected chairman of the Democratic State Executive committee yesterday, the vote being unanimous. The election followed the request of Governor Jackson Harmon that Nichols be chosen, referring to him as "my neighbor and friend."

By unanimous vote Charles C. Marshall of Sidney was chosen as secretary, and Fred J. Heer of Columbus as treasurer. These two last officials served in the same capacity in 1908. After discussion it was decided to select an executive committee of 15 members, the three officials named to be included. When it came to making the appointments it was found that conditions required a larger number, and these additional memberships were created.

The new committee will consist of these representatives: John L. Shuff, Cincinnati; M. O. Burns, Hamilton; J. L. Knowler, Ripley; Will S. Thomas, Springfield; M. D. Shewell, Delaware; D. C. Donovan, Toledo; Joseph McGhee Jackson, V. H. Huns, New Lexington; Judge M. J. Burke, Marion; Dr. S. E. Simmons, Norwalk; A. D. Follett, Marietta; Thurman Spriggs, Woodsfield; J. J. Whitacre, Wayneburg; L. C. Knott, Akron; and Newton D. Baker, Cleveland.

The state committee was presided over by Chairman E. W. Hanley of Dayton.

Under the new primary law provisions are not permitted to be exercised at political committee meetings, and for this reason there were four vacant seats. Former Mayor Tom L. Johnson of Cleveland was the most prominent of those absent.

The others who were present were J. H. Seibert, of the Fourth; J. W. Smith of the Fifth; J. P. Patton of the Sixth; W. R. Nye of the Eighth; John A. O'Leary of the Ninth; Valer Harold of the Tenth; Edward Weller of the Eleventh; J. B. Ross of the Twelfth; W. D. Spangler of the Thirteenth; S. A. Dyer of the Fourteenth; Robert T. Worthington of the Fifteenth; J. P. Callahan of the Sixteenth; and J. D. Thomas of the Nineteenth.

There was in the lobby a large attendance of Democrats in support of the state among them Senator George C. Otine of Dayton, Capt. Philip B. Wilson of Lebanon, Governor Charles F. Smith of Marion, Judge David Lockwell of Portage, and former Governor John E. Campbell.

In closing the session, Governor Harmon was introduced by Chairman Hanley with the statement that it had been the custom for many years to be the head of the state order to be elected to name the chairman of the campaign committee. In deference to this custom he commended the Governor to make known his wish.

This the governor did in a modest fashion declining to make a speech. After naming Nichols, he intimated that the election of Marshall and Heer would be entirely satisfactory to him.

On the personal of the new campaigning body John L. Shuff of Cincinnati is connected with the Union Central Life Insurance company; and

took an active part in the nomination and election of the late Governor Patterson, who was president of that company; M. O. Burns is a well-known lawyer at Hamilton and has served that municipality as City Solicitor; J. L. Knowler is prominent in Sixth district Democratic politics; Will S. Thomas is the Springfield manufacturer and has been chairman of the state committee in the past; D. C. Donovan is an iron manufacturer in Toledo, and has served on municipal boards there; Joseph McGhee is a newspaper publisher at Jackson; J. V. Huns is the probate judge of Perry county, and was a candidate from the Eleventh district for member of the central committee.

Judge M. J. Burke of Marion, is an attorney and has served on this committee before. Dr. S. E. Simmons is a practicing physician in Huron county. A. D. Follett is one of the leaders of the Washington county bar. J. C. Knott is a manufacturer at Akron. J. J. Whitacre is the Democratic nominee for Congress in the Eighteenth district. Thurman Spriggs is one of the leaders of the Democratic party in Monroe county, and Newton D. Baker is the city solicitor of Cleveland.

Senator Nichols, while at the hotel, did not appear before the committee. He will summon his committee together at an early date and begin the mapping out of the work to be taken up prior to the opening of the campaign in September.

HOLD OF STEAMER ROARING FURNACE

Philadelphia, June 30.—While the steamer "The Bridge" was being towed by the tug "The Bridge" yesterday morning, it was blown by the wind, and it was feared that as the day of the tug approached, Jim's better half would show signs of apprehension, but instead she is as smiling and confident as her big boy, of a husband. At least there is no outward indication that she is worrying.

Jeffries was in one of his best moods while the moving pictures were shown.

JEFFRIES REMAINS FAVORITE

**Odds May Go as Low as
10 to 4 on Black
Champion**

AT THE TRAINING CAMPS

**Governor Dickerson of Nevada,
Watches Athletes in Their
Workouts.**

(By Max Baithasar.)

Jeffries' Training Camp, Moana Springs, Reno, Nev., June 30.—The "fistic" workers are getting busy on the big fight. As a result, the odds lightened up, regarding the half they lost Tuesday night when they dropped from 10 to 7 to 10 to 6, and then again to 10 to 6 to 1-2 last night. The Johnson money loosened up a little, a fair sized commission coming in from San Francisco and the price bounded up to 10 to 7. There were few takers at this figure, but there is a feeling, based on something really inscrutable, that there should be a drop to at least 2 to 1 or even as low as 10 to 4. It has been no secret that the Johnson camp is holding out for the latter odds, but undoubtedly there is disappointment in store for the black man's intimates.

That Jeffries is as strong a favorite today as he will be a day tomorrow before the fighters step into the ring is the hope of the wise bettors and their prediction is strengthened by the fact that whereas on Tuesday night it was even money that he would win, today it is 10 to 1. Last night the same price stood for 18 rounds, despite the fact that Jeffries himself is said to have declared that he would surely not let the negro say longer than 17 rounds. Jeffries' work before the moving pictures Wednesday evening may have had some effect on the betting, as the big fellow was far from being impressive, as to what he has been in previous workouts. He seemed to puff earlier than usual, a fact that was commented on by many of the 2000 or more spectators that had taken a chance of another disappointment. Aside from this, however, Jim appeared good in every other department. He blocked nicely, ducked under swings with the ease and speed of a lightweight, and pulled away from straight leads just far enough to make them miss. His eye was perfect and his feet worked with mechanical precision.

But the bellows did not work as well as usual. Some attributed this to the heavy wind that was blowing from the north and others to the fact that he was not trying to reserve his lung power, pulling back on it, as it were. It may be that both circumstances may have had more or less influence, but the rise and fall of the chest and the quivering of the stomach were made apparent.

Jeffries' variable disposition has taken another turn. Two days ago he showed signs of crankiness. Today he is as happy as a boy on a vacation. The little indisposition of Tuesday has disappeared, his right arm is not bothering him, and the best of all, Mrs. Jeffries is no longer so perturbed. It was feared that as the day of the battle approached, Jim's better half would show signs of apprehension, but instead she is as smiling and confident as her big boy, of a husband.

At least there is no outward indication that she is worrying. Jeffries was in one of his best moods while the moving pictures were shown.

The House Fly Causes Death

THE fly carries the germs of typhoid, tuberculosis and other infectious diseases from objectionable filth to the food that you eat, to the baby's milk bottle, and drops germs wherever it alights.

One fly carries enough disease germs to wipe out a regiment. Flies have caused more deaths than all the battles of history. The germs they have brought have caused sickness and death to some member of your family in the past. They may cause death in the future.

Remember that flies lay their eggs only in objectionable filth; that they are attracted by foul odors—shun clean odors.

Screens are small protection. The way to keep flies from your home and to aid in their extermination is to use an effective disinfectant in all refuse, garbage pails, manure, etc. C-N is the standard disinfectant, guaranteed on every label and invoice to be five times stronger than pure carbolic acid, but non-poisonous.

Where C-N Disinfectant is used, flies and insects will not enter—cannot abide the cleanly odor of C-N. C-N keeps your home free from vermin, free from disease germs,—pure—clean and healthful.

(By E. C. HARRIS.)
Chillicothe, June 29.—By coping both games of a double header with the Molders at League park Wednesday afternoon, the Infants made a clean sweep of the series and incidentally jumped into 5th place with a few points to spare. The first game was easy for the Babes, Ray Hollingsworth going to the bat in the 5th frame and allowing four runners to cross under the wire, putting the contest beyond reach of the aspiring Newarkites. Harrison was the twirler chosen by Big Chief Kibler to face the visitors and that he showed good judgment was made evident by the fact that the slugging up-staters amassed but five clean hits, counting for two runs which were presented to them by the Babes who, while in a kind hearted mood allowed them their two scalps in order to keep them from undergoing the humiliation of three straight shut outs.

The first run of the game was made in the fifth when Kibler slammed the pill up against the center field fence as an opener. He was sacrificed to third by Irwin and scored on Dewitt's infield hit. In the fifth the Infants came right back and clinched the contest aided by the Molders who took their only lesson in aerial navigation coming in the series at this particular point in the game. That they chose an appropriate time to begin their effort to conquer the mystery of how to make successful air flights is shown by the four juicy tallies which were annexed by the local clubbers while the visitors were enjoying their tour of the heavens. Haley opened the round with a clean bingle and when Harrison laid down a sacrifice bunt Hollingsworth refused to allow the twirler to make a martyr of himself by heaving the pill to the center field fence in an attempt to catch Haley, who ambled on to third on the wild throw. Lohr was a self refused the chance to become a self sacrificing hero when he bunted for a squeeze, Haley coming over and the left fielder going safe at first. After Lohr had perished at second on Purcell's roller to the mound, Mary stole second. Kibler was passed, filling the sacks. Irwin sent a hot one to Myers, Harrison scoring and the runner going out via the Meyers-Riehl limited route.

On the double steal Purcell and Irwin scored when Mr. Riehl and Mr. Kopf both made unsuccessful attempts to throw the ball out of the lot. Dewitt doubled to left, but Potts ended the fare by grounding out to the mound at the first station. With the game gone gammering Riehl himself went to the mound in the sixth inning, Clickinger going to first. Although the Redskins might have made a face out of the game they refrained from doing so, saving themselves for the second contest, which was probably exactly what they wanted to do. In the 7th inning they pulled off a few plays the couple of which were timely. Bingles which would have counted for naught had it not been for the baby play, they amounted to two runs, the only ones scored by the new law Molders during their stay in this burg. After Meyers had perished by way of Red Whalen, Mr. Riehl was given a life when Kibler playfully juggled his grounder and when he threw it into the right bleachers the "pitcher" ambled to second. From there he scored on Frank's single, the latter taking second on the thrown in, and scoring on Anderson's single to center. Had not Kibler foolishly let down there would have been no scores as Anderson's bingle could have advanced Frank no farther than third, and Kopf, who would have been the last of his species, was an easy out, whiffing the atmosphere. The following is the box score:

SECOND GAME.

The second game which was a pitchers' battle between Messrs. Chas. Hollingsworth, Cooperider and Wilkie was presented to the Infants by Pop Anderson, who threw the ball into left field in an attempt to catch Kibler, who at the time was coming down toward third on a daring pilfering tour. Only four hits were made in the entire game which was a seven inning battle by pre-arrangement. Of these, each club annexed two. Newark found Cooperider for two bingles right off the reel, one in each of the first two rounds, but after that they were pie in the hands of the merciless Infant twirler. Cooperider was going nicely when he had to yield his position to Kib Wilkie in the fifth, owing to an accident and the game would more than likely have ended in the same manner had he worked on through. In catching a pop fly in the above mentioned inning the pitcher knocked his end off one of his finger nails, the injury being so painful that he was forced to give way to Wilkie. But the change made no difference for when you whip that young Eastern lad you are whipping some more pitcher. In the four frames in which the Kid officiated not one hit was recorded and not one solitary Molder progressed as far as first even. Sad eh? But true nevertheless. Hollingsworth was also effective however, and the Babes were not killing his shoots, by a long shot. The downfall came in the fourth chapter when Kibler opened the frame as he did in the first battle, the only difference being that the war was going for only one cushion instead of two. He was sacrificed to second by Bill Irwin and from there he scored when Anderson threw wild in an attempt to cut him off on his wild dash to the far corner. Pop hit his hand on Dewitt's bat in making the throw and was forced to retire from the game. Kopf went behind the bat and McDowell was sent to left. The change did not weaken the visitors, however, as there was no more scoring done in the shortened battle. The score:

PITCHER'S WILDNESS PROVED COSTLY

Lancaster, June 30.—Southpaw Michael was the star for the Links and pitched a fine game of ball, only two hits being made off his puzzling delivery. He was a hit wild, two of his bases on balls resulting in the players scoring. Lima played the best heading game and their inside play was what helped to win for them. The Links made a splendid effort to pull the game out of the fire in the ninth inning, but a splendid catch by Potters saved the game for them. The score:

steadily and the Molders are the "fall guys" for them.

Ed. Asher was in on the losing end of a farce yesterday when the Wheeling Stealers downed the Terre Haute team by the score of 12 to 1. Sixteen hits were made by the Tots of Asher and Forbes.

Count Barry has signed with the Chillicothe team. Barry isn't really true member of the nobility. "Count" just happens to be his name.

Charlie Hollingsworth pitched a beautiful game and while he lost yet he only allowed the opposition two hits. The Molders got two off Cooperider and the second pitchers battle was ended.

Bobbie Anderson injured his hand by hitting it on a bat when he was in the third. Naturally the throw went wild and the runner scored. Simply a little hard luck, that's all.

Today we again invade the territory of the Links, and maybe we can repeat the dose we administered to them a month ago. It has been whipping the Links that we have pulled out of the cellar before, maybe we can do it again.

Although the fact isn't generally known, Riehl at one time pitched amateur ball in Columbus and did a very good job of it to. He tried his hand yesterday for a short time and got away with it.

Portsmouth by taking Marion into camp a couple of times yesterday returned to the leadership of the league. It has been a loyal bunch down there in the River City and they are entitled to all the funnily they can get out of a first place club.

The Chillicothe News Advertiser has the following comments to make on the first game of the series. "Both Whalen and Lohr were robbed of hits Tuesday by the sensational work of Franken in right field. He pulled

down line drives that it seemed impossible to get. He was right up on his toes with the crack of the bat and made hard catches look simple."

Umpire Phelan expects to be called away tonight. He has the respect of all the fans in Chillicothe, and though he may make mistakes, they know he means right. The Newark boys objected once or twice to his decisions on Tuesday, but there was no rowdy work. The Newark boys are too gentlemanly for that.

The Newark infield looks pretty good. Every man fields his position well and Charlie Riehl steadies it down in good shape. Hanna pulled off a nice sign off Irwin in the third and was fevily playing for the heavy hitting Bill's drive in the tenth. He might have gotten it, too, but Lafollette "got his hand in."

Wear, above all, a smart Straw Hat from Hermann's the Clothier.

FOR WOMAN'S EYE

The Tuesday Bridge Whist club was delightfully entertained on Wednesday afternoon of this week by Miss Louise Hunter of Buena Vista hill, and an exciting contest enjoyed by seven tables of players, those possessing the most points at the close of the game being Mrs. Kemper Scott, Miss Sarah Buckingham and Mrs. Walter Metz. A dainty refreshment was served at five o'clock to the following guests: Mesdames Walter Metz, Fred Mosteller, Judson Lewis, Robbins Hunter, Howard Jones, J. H. Franklin, J. F. Irwin, Misses Jane Irwin, Josephine Roche, Jessie King and Mrs. Chalmers Roche of Chicago, Ill., Mrs. A. T. Seymour of Columbus.

The club will be entertained on next Tuesday afternoon by Mrs. E. H. Dennis of Hudson avenue.

A pretty event of the week was the party given on Monday afternoon by Mrs. Hattie Faust at her home in North Cedar street, honoring her Sunday school class of the Second Methodist church. The rooms were decorated with roses and ferns and games and music were the features of the afternoon. Three prizes were given for the rice game in which Miss Dorothy Denney was awarded first prize. Mrs. Faust, who leaves soon for her new home in Cleveland, O., was presented with a beautiful hand painted plate in remembrance of the class.

At 4:30 a most delicious luncheon was served to the following: Misses Dorothy Denney, Helen Redman, Carman Crozier, Mildred Martin, Flora Eaton, Jessie Singleton, Vestal Little, Reva Forgrave, and Frances Evans.

One of the most enjoyable social features of the week was a surprise given Mrs. George Fairall at her pleasant country home at Reform, June 26, it being her birthday anniversary. Friends and relatives began to gather early in the morning with well filled baskets and continued to arrive until about three o'clock in the afternoon. The hostess received many beautiful and useful gifts, a substantial purse, also a shower of postcards.

At twelve o'clock all gathered around the tables and did justice to the spread of many delicacies of the season. After the tables were removed many songs were sung and a letter from a sister of Mr. G. R. Fairall in Iowa was read, stating that as she could not be present she wanted to be represented in that way. In the afternoon, Mr. G. R. Fairall gave a little talk which was enjoyed by all. About sundown the guests departed for their homes, wishing Mrs. Fairall many happy returns of the day.

Those present were: Mr. and Mrs. George Fairall, Mr. and Mrs. William Blizard, Mr. and Mrs. Harvey Fairall, Mr. and Mrs. A. J. Baker, Mr. and Mrs. Frank Fairall, Mr. and Mrs. John Price, Miss Lulu Host, Mr. and Mrs. Dolph Baker and little son Dwight, Mr. and Mrs. Firm Baker and little son Merle, Mr. Jay Baker and sons Greeley and Arthur, Miss Norma Baker, Mr. and Mrs. Oscar Fairall and little son Russell, Mr. Spencer Fairall, Miss Nellie Fairall, Miss Ina Baker, Mr. and Mrs. Charles Knight and children Zola, Everett, Russell and Kenneth, Mr. and Mrs. Joe Klinger, Mr. and Mrs. George Baker, Mr. and Mrs. Paul Fairall and son Leora, Mr. and Mrs. Walter Fairall and little daughter Junelia, Mr. and Mrs. Daniel Baughman and little son Orville, Mr. and Mrs. Fillmore Ronnie, Mrs. Harriett Barcroft, Mrs. Sarah Shaffer, Mr. and Mrs. Bartley Warfel, Mr. and Mrs. John Fyles, Mr. and Mrs. Sam Huffman, Mr. L. V. Hoyt, Mr. and Mrs. Jacob Hanby, Mr. Hilba Mitchell, Mr. and Mrs. William Ridenbaugh, Mr. and Mrs. Buzz McGee, Mr. and Mrs. Walter Hoyt, Mr. and Mrs. G. W. Smith and children, Mr. and Mrs. Homer Smith and children, Mr. and Mrs. Frank Phillips and son Isaac, Mr. and Mrs. Ab. Anderson, Miss Lillie Graham and little daughter Geneva, Mr. and Mrs. Ode McCarter and children, Mrs. C. E. Smith, Mrs. Z. H. McKnight, Mr. and Mrs. Ed Somerville and children, Mr. and Mrs. Harvey Conger and daughter Helen, Misses Bernice Hoyt, Della, Alice and Alma Somerville, Letha Vincent, Lola and Mina Anderson, Mabel Barcroft, Blanche Conger, Mary Baughman, Alma Fairall, Delpha Patton, Jane Frost, Della Smith, Grace Kipp and the Messrs. Bernard Warfel, Gerry Patton and Foster Ashcraft.

WARDEN-RIGGS.

Marked by simplicity yet most impressive was the ring service read by Rev. W. D. Ward of the Central Church of Christ Wednesday evening at 7 o'clock at the bride's home and which united the lives of Miss Alice Riggs, eldest daughter of Mr. and Mrs. Marshall J. Riggs of 124 North Seventh street, and Mr. Charles Burnett Warden, son of Mr. and Mrs. William H. Warden of Eastern avenue. The young people were united by the officiating minister, Miss Riggs was beautifully gowned in a flimsy white robe elaborately trimmed with lace and carried a bouquet of bride's roses. The interior of the residence was tastefully decorated with roses and greenery.

After the nuptial knot was tied and congratulations and best wishes were given and received a wedding dinner was served and Mr. and Mrs. Warden left immediately on a short trip. They will be at home after July 15 to their friends in their cozy home at 415 Eastern avenue.

The Wednesday Bridge club was most enjoyably entertained by Mrs. John Bradwell at her cottage at Buckeye Lake on the regular meeting day this week and three tables of players participated, the prizes at the close going to Mrs. Edna Jackson, Miss Romaine Stacey and Mrs. W. W. Maholin. At the card game all took dinner at the hotel Harris. The guests of the club were Mrs. J. L.

DEBAUCH

OF EVANGELIST KAYLOR ENDS IN DEATH ON PAUPER'S BED.

Was Also a Former Criminal Judge in Kansas City and Bore an Excellent Reputation.

Pittsburg, Pa., June 30.—After three months' seclusion, following an extended debauch, Rev. Albert Hudson Kaylor, formerly a criminal judge in Kansas City, Mo., and later a Presbyterian evangelist with an international reputation, died here penniless.

His death occurred at the St. Francis hospital, where, before death, he renounced the religion he formerly taught and embraced the Catholic faith. His body will be buried in St. Mary's cemetery after the celebration of high mass.

His wife, who was granted a divorce on the ground of adultery and restored to her maiden name of Nellie Bruff in one of the shortest divorce trials in the history of Allegheny county, named in her charge a young woman who traveled with Mr. Kaylor and sang at the evangelistic meetings.

When apprised of the death of her husband, she expressed no surprise. "That God did not take him worse than this," Kaylor educated himself, studying law in Kansas City, Mo., where he was admitted to the bar. Later he was elected judge, but gave that up and a \$20,000 a year practice to become an evangelist. He toured the country for 15 years.

He was born in Dublin, Ireland, and was known as "The Irish Orator" from coast to coast. In 1887 he gained national prominence by his legal defense of Hedgpeth, the train robber, who secured \$50,000 from the Wells-Fargo Express company. He also made the third and last appeal for Mrs. Maybrick in London.

Rev. Mr. Kaylor is well remembered by many Newark people, he having conducted a series of very successful meetings at the First Presbyterian church some years ago. He was an eloquent orator and his addresses here were considered as being among the most powerful and convincing ever delivered in Newark.

Bread Omelet—Put one cupful of soft bread crumbs into bowl, and pour over them sufficient boiling

water to cover, stand for five minutes, and then pour off carefully all the water that has not been absorbed by the bread, then add one-half of a cupful of milk, three eggs slightly beaten, one level teaspoonful of salt and one saltspoonful of white pepper. Put one tablespoonful of butter in a frying-pan over the fire, when hot turn in the omelet, cool slowly until thoroughly set, then fold together and serve at once on a hot dish.

Queen Fritters.—In a saucepan put one cupful of hot water, two tablespoonfuls of butter, one level tablespoonful of sugar and then thinly cut rind of half a lemon. Boil for five minutes, skim out the lemon rind, stir in quickly one and one-quarter cupfuls of dry flour. Stir and beat until the dough does not adhere to the spoon or pan; take from the fire, cover and set aside for fifteen minutes. Then work in, one at a time, five raw eggs. It should then be a thick batter. This can be prepared an hour or two before cooking, if necessary. Drop by small spoonfuls into smoking-hot fat. They should swell to two or three times their size when dropped in. When brown, drain and serve with a liquid sauce.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY. as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. REV. H. S. BAILEY DISCUSSES PROPOSITION OF MR. HULL

Zanesville, O., June 30.

Mr. Editor: I chanced to see a Newark Advocate that contained Mr. Hull's proposition to the city of Newark, wherein he proposes to give the city his beautiful home for practically half price. Although I live in another city, I beg space in your paper, if possible, to induce the citizens of the dear old town to grasp this at once. On reading the article, I at once exclaimed, "That is the greatest and the most needed institution for Newark! But how many of her citizens see it? It is a fact that very few persons see what they look at."

The Hull property is the prettiest and the most unique in the state. It has been centuries in building. The car works call up the infinite past. When Columbus first touched America's shores—when Christ suffered on the cross—when Moses led Israel out of Egypt and through the Red Sea—the eyes of that extirper species of giants whose bones fill that mound were sporting on that ground and enjoying good air and sunshine in this paradise of America. And so our aborigines here first worshipped God in this cathedral of his own planning.

I should like to see Newark preserve this beautiful spot of the city and perpetuate it as a temple of art, science and literature. The public spirited citizens of Newark, by making this proposition a reality, will some day have the children of the city rise up and call them blessed. Because it is a better investment than securing the largest factory, employing the largest number of men. The transformation of those grounds into a public park and library is worth more for comfort, for pleasure, for aesthetic and intellectual uplift than can ever be measured by dollars and cents.

Every city at some time or other awakes to the fact that there is such a thing as civic religion. There is just as much religion in a city council providing parks, breathing places for the city's children and building public libraries, making it possible for the children to get in touch with the wisdom of the centuries, as it is to go to church on Sundays and look sort of pious while the preacher prays.

The present day wave of civic interest is spreading. The slow, staid old South is setting up a live pace in forming libraries. Each county in North Carolina has 15 well equipped public libraries. In fact, all of the larger towns boast of their fine public libraries. Land agents are using this part as an inducement to have you locate in their cities.

How delightful it would be for the citizens of Newark to go to a park and library, reached from any part of the city by a five-cent car fare, away from the noise and dust of the downtown city, and "with a book in a shady nook," drink in the beauties of "God's out of doors."

Dayton, one of Ohio's most beautiful cities, caught the vision of what and where a library should be, and so placed it far out of the city, in Library Park. In this respect Newark's position for a library is ideal.

Here in Zanesville the Carnegie library is six blocks from the center of the city and located right beside the car line, and one is annoyed every seven minutes by the cars passing. Here again the Hull property is ideal. The building is just far enough away so that no sound is heard from the street.

But best of all, as I see it, is the happy thought of Mr. Hull in opening a children's playground, a place where they can go and not meet a "keep off the grass" sign, staring them in the face. And what ampler

THE CENTRAL COMPANY, NEW YORK CITY.

There seems to be a popular sentiment that the average newspaper is controlled by the advertisers who use its columns, but just why this feeling prevails passes understanding.

No advertiser has ever attempted to control the policy of the Advocate, and without doubt the experience of this newspaper is duplicated in practically every other city of the land.

To be sure there are newspapers controlled by politicians, newspapers owned and managed by special interests but one could count upon the fingers of a single hand the papers that are controlled by advertisers.

The advertiser looks for results from the use of space in a newspaper and he knows that it is a paper that goes into the homes of the people that produces results for him. He doesn't concern himself with what appears in the news columns; he doesn't care so long as the publisher makes the paper interesting to the people.

If, however, a newspaper treats an advertiser with the same courtesy any merchant or manufacturer would show to a customer he is at once accused of being "subsidized" or "controlled." The publisher is not in business for his health any more than is a merchant or a professional man. The business man who succeeds shows his appreciation of patronage and by such manifestation and by fair dealing his business grows and prospers. It's the same way with a newspaper. To be sure, some people use a newspaper's advertising columns where they have a personal dislike for the publishers, doing it not because of regard for the owner but because they want to help their own business by advertising, but if a publisher shows that he is interested in the success of his advertisers he naturally gets more advertising than he would otherwise receive. A publisher who is ungrateful of the interests of his patrons is not only ungrateful but unwise and so long as he dares manifest his appreciation he is bound to be accused of being "controlled" or "subsidized." The Advocate is glad to show its appreciation of patronage but is glad to take this opportunity of saying that to date no advertiser has ever tried to control in anyway its editorial policy. Why should a publisher be required to denounce his friends (the advertisers) just to show to the public at large that he is "independent?" Think it over and then think: what would do under similar circumstances.

AN UNPLEASANT REMINDER

Those Republican papers which started in to make "What Has Harmon Done?" a campaign issue quickly dropped the subject. It was such an unpleasant reminder to "Colonel" Herrick and "Uncle Andy" Harris.

Notice to Contractors

Sealed proposals will be received by the Board of Education of the School District of the City of Newark, Ohio, until 12 o'clock noon on the 5th day of July, 1910, for the construction of a closet annex to the Central school building, and also for a closet annex to the East Main Street school building, according to plans and specifications on file in the law office of D. M. Keller, clerk of said board.

Sealed bids will also be received at the same time for the installation of closets and urinals and the necessary plumbing for each of said annex buildings according to plans and specifications on file with said clerk. Bidders are required to make separate bids on each of said buildings, and also separate bids on the closets and urinals and necessary plumbing and sewerage required for each of said buildings. Bids must be filed with the clerk of said board within the time above mentioned.

Each bid shall contain the name of every person interested in the same, and must be made on blanks furnished by the clerk of said board, and must be accompanied by a certified check for \$200.00 upon some bank in Newark, Ohio, drawn payable to the treasurer of said board of education, as a guarantee that the bidder will enter into a contract and furnish bond as required by law, which contract must be completed by the 1st day of September, 1910. The right is reserved to reject any or all bids.

RIGEL PARK.
The National Stock Co. continues to give the best of satisfaction at Rigel Park theater. The play last night was an exceptionally strong French drama, "The Shadow of the Guillotine." Miss Fay St. John in the leading role took advantage of the several opportunities offered her to do some clever emotional acting. Miss Kenseil and Mr. Sterling in their specialties were well received. They announced one of their strongest plays for tonight entitled, "An Outlaw Romance," a great western drama. On Saturday afternoon a family matinee will be given, the admission being in cents to all parts of the house.

TO PIANO PURCHASERS

When you go to buy a piano get only the best, and they are the SMITH and NIXON and the RAWLINGS. The Smith & Nixon was established in 1842, making it one of the best known Pianos in the world. In fact the Smith & Nixon and RAWLINGS are America's best makes, and you won't make a mistake by getting Pianos of this make as they will last you a lifetime. Agents and other Dealers will condemn them, but it is only to persuade you to get their pianos, and not for the interest they have in you. I can save you all agents' profits because we make our own instruments at our factory, Norwood, Ohio, one of the best equipped plants in the country.

I extend to you all a special invitation to call and examine these beautiful up-to-date Pianos, which you can buy on accommodating terms if so desired. Will also allow you a reasonable price for your old Organ or Piano.

We have a few good bargains in pianos which we are going to sell during the hot weather at greatly reduced prices.

Don't forget America's best makes of pianos, Smith & Nixon, and the Rawlings, at No. 4 North Park Place, Newark, O. 6-2541

SENATOR DANIEL DEAD AFTER LONG PARALYTIC ILLNESS

Lynchburg, Va., June 30. — John W. Daniel, senior senator from Virginia, died at the Lynchburg sanatorium at 10:35 o'clock last night, his death being due to a recurrence of paralysis. The immediate cause of his death was cerebral hemorrhage.

The statesman's illness began with a slight attack of apoplexy in Philadelphia last October, this keeping him from being in his seat at the opening of congress last December. Only once since that has he appeared before an audience and that was for an informal talk in January. The end last night was almost without a struggle.

The death of Senator Daniel removes the oldest of the Democratic senators in point of service. Of the entire list he was the only one who could be said to belong to the old regime. And, as he was the oldest in service, he was one of the most conspicuous in popular favor.

For the past few years he had remained much in the background. His health had not been good and his growing years seemed to tell on him. He was not heard often in the senate and his recent efforts were not the best. But previous to this period he spoke frequently and held high reputation as an orator.

For no personal trait was Senator Daniel so noteworthy as that of urbanity. Whether in private life or in his intercourse with his senatorial colleagues, his courtesy was unflinching.

Senator Daniel was born at Lynchburg in 1842. Entering the Confederate army as second lieutenant of the Stonewall Brigade in May, 1861, he was wounded in the first battle of Manassas. Soon thereafter he became second lieutenant of Co. A, Eleventh Virginia Infantry, and afterward was first lieutenant and then adjutant of his regiment.

After being wounded he was promoted to major and chief of staff of General Jubal A. Early, serving until crippled in the Wilderness, May 6, 1863. It was said by eye-witnesses that Major Daniel was wounded immediately after he had rescued General R. E. Lee from a very perilous position.

PROFITABLE CONFERENCE AT GRANVILLE

East Central Student Conference of the Y. W. C. A. Will End This Week—Village to Celebrate on Fourth.

Granville, June 30. — The sessions of the East Central Student Conference of the Y. W. C. A. still continue with unabated interest, every session being largely attended by the hundreds of young women who have come from the most distant corners of four states to attend this convention. This convention has brought to Granville not only the noble young women who are interested in everything that will tend to benefit young womanhood and young manhood, and all humanity, but by many notable men—workers in the vineyard of the Lord, who have made the week one of pleasure as well as profit to all who have attended the different lectures and heard the many fine addresses that have been delivered. The conference has, in deed had in it much that has been profitable, and much that has been enjoyed. Granville has extended a most cordial welcome to these young women during the past week. While they are here for the purpose of deriving instruction from the different lecturers, they are not missing any opportunity for having a good social life, and to many, it has been a sort of a vacation—perhaps the only outing many of them will enjoy during the summer. During the convention many fine papers and addresses have been given and many new and valuable ideas have been advanced, and young women will spend the week here, enjoying an outing and at the same time paying close attention to the excellent program that has been prepared, without being materially benefitted.

Thursday morning the regular President's Council was held at 9 o'clock, which was followed at 9 o'clock by the Bible classes, the faculty, alumnae and sectarian class being in charge of Prof. Selby F. Vance, and the class for advanced Bible students being in charge of the Rev. Ambrose S. Bailey. At 10 o'clock a m. the Mission Study classes held their sessions, "The Will of China," being conducted in Stone Hall by Miss Margaret Burton, and "South America" in Recital Hall by Miss Jean Bent. At 11 o'clock in Burton Hall by Miss Helen Fitts. At 11 o'clock an exceedingly interesting platform meeting was held in Recital Hall. At 7:15 o'clock Thursday evening will be held the Conferences, which are as follows: "Volunteer Workers," Miss Helen Barnes; "Association Secretaryship," Miss Edith N. Stanton, and "Missionary," Miss Margery Melcher. A platform meeting will be held in Recital Hall Thursday evening at 8 o'clock, which will be followed by the Delegation meetings at 9 o'clock.

The Town Council was called together by the mayor on Wednesday night to take action on a request that had been made by the Ladies Civic Improvement Society of the village. It seems the ladies do not desire that the glorious Fourth be allowed to pass by without its being properly celebrated. Many of the women of the village are descendants of soldiers of the revolutionary war, and hence take an interest in the day that is not taken by everybody. They are true patriots and desire to show their patriotism in a way that cannot be mistaken. They therefore made a request of the mayor that they be allowed to have a pyrotechnical display, such as the shooting of sky rockets, Roman candles, etc., on Monday evening, July 1. A resolution was passed empowering the mayor to authorize a pyrotechnical display on Sugar Loaf Hill or other public places on the evening of July 1st. The entire council was appointed a committee of the whole to assist the committees that may be appointed by the Improvement society.

The regular meeting of the Board of Education will be held on Friday evening, at which time there will be considerable business to be transacted.

SUMMER HAIR DRESSING.

Ask Evans' Drug Store for Parisian Sage, If You Want the Best. Almost everybody in Newark knows that there is no preparation for the hair that can compare with Parisian Sage.

It cures dandruff, stops falling hair and itching scalp in two weeks, or money back.

It puts radiance and lustre into that dull, lifeless hair that many women possess, and does it in a few days.

It makes hair grow; prevents hair from turning gray and is without doubt the most refreshing and invigorating hair tonic in the world.

It is daintily perfumed and is not in the least sticky or greasy. In summer, people of refinement use it regularly, because it keeps the scalp cool and free from odor of perspiration.

On March 25, 1910, Lulu D. Fix, of Raphine, Va., wrote: "Parisian Sage is a wonderful hair restorer; it stopped my hair from falling out and stopped my scalp from itching; also cured the dandruff. I only used one bottle, but I like it so much I am going to use more."

Parisian Sage is sold by druggists everywhere and by Erman's Drug Store for 50 cents a large bottle. Mail orders filled, charges prepaid, by American makers, Giroux Mfg. Co., Buffalo, N. Y.

OBITUARY

FUNERAL OF CHAS. F. HEIM.
The funeral of the late Charles F. Heim was held Thursday afternoon at 2 o'clock, the services being conducted at the home, 89 Gay street, by the Rev. Mr. Trout, pastor of the Second M. E. church. The funeral was under the auspices of Cedar Camp, No. 427, Modern Woodmen of America, and there was a large turnout of the members of the camp, as well as the blacksmiths of the B. and O. railroad shops. The interment was made in Cedar Hill cemetery.

CARD OF THANKS.
We, the members of the family of Mr. James C. Anderson, recently deceased, desire to express our heartfelt thanks and appreciation to our friends and relatives for the kindness and sympathy shown during the sickness and death of our dear husband and father. Also for the beautiful floral offerings. Wife and Children.

DEATH OF INFANT.
The infant child of Mr. and Mrs. Clarence Rutledge died at the home of the parents in Franklin township Thursday morning and will be buried in Fairmount cemetery on Friday.

REAPING BENEFIT
From the Experience of Newark People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Newark residents on the following subjects will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

C. L. Starr, 89 Hancock St., Newark, Ohio, says: "I have had no desire to retract anything from the public statement I gave in 1904, recommending Doan's Kidney Pills, as the cure they effected at that time has been permanent. I suffered for years from kidney complaint and backache, and although I used numerous remedies, I was unable to obtain relief. I had a constant pain across my loins, and when I attempted to stoop, my suffering was always increased. My back was weak and if I sat in one position for any length of time, it was almost impossible for me to arise. Hearing of Doan's Kidney Pills, I procured a box at Crayton & Co.'s Drug Store and was surprised by the prompt relief they brought. They quickly disposed of the backache and improved my health. I am always glad to say a few words in favor of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. The Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name — Doan's — and take no other.

CHURCH

Has a Right to Yell and is Entitled
to Same Privilege That Baseball
Fans Have.

Battle Creek, Mich., June 20.—
That church people have as much
right to yell when they are moved by
religious enthusiasm as baseball en-
thusiasts have when the home team
makes a hit, was argued by Bishop
A. Zellw, of Jamestown, N. Y., in
an address before the tri-state en-
campment of Free Methodists here
last night. Bishop Zellw severely
criticized the local police for their
efforts to check the noisy enthusi-
asm of the encampment.
It was announced that 10 cures of
physical ailments were effected dur-

**NEW FACTORY
SECURED FOR
WEST NEWARK**

A new factory has been added to
the industrial interests of Newark
that will do much toward moving our
city up a notch in the industrial world.
Through the efforts of Col. Wm. C.
Wells, secretary of the Newark Board
of Trade, that gentleman has been
successful in getting a number of Col-
umbus men together with several local
manufacturers, to locate a factory in
Newark for the manufacture of
steel track ties. The new plant, which
will furnish employment for quite a
number of men, will be located in
the West End, corner of James street
and the B & O, and P. C. C. & St. L.
R. R. tracks, directly east of the New-
ark Gear Wood factory.

The new company will be known as
The Steel Tie and Manufacturing com-
pany. It has been incorporated under
the laws of Ohio and has been organ-
ized with the following officers:
President and general manager, T.
J. Costello, formerly general manager
of The Buckeye Rolling Mill.
Vice president, J. W. Blower of Col-
umbus, general manager of The
Hishyvania Coal company.
Secretary and treasurer, L. B. Rich-
ards, president of the Standard Rail
company.

The company starts this week to
operate its new plant, which is
equipped up to date by The Osborn &
Sexton company of Columbus, and
will turn out 500 ties per day, the
number being increased as soon as
the new equipment can be put in op-
eration.

The steel ties are manufactured un-
der Blowers' patent, and have been
thoroughly tried out in several of the
largest coal mines in the state, and
have proved to be more satisfactory
than was expected by the patentees.
For the time being the factory will be
used exclusively on ties for mines and
industrial plants, as enough orders
have been received to keep running on
the light ties for several months.

**It's a Big Purchase Stock from
The Royal Muslin Under-
wear Co., on Sale**

The Time to Buy Muslin Underwear is Now

AS we announced in yesterday's daily papers, this morn-
ing would be the beginning of the greatest Muslin
Underwear Sales this city ever knew. Yes, the sale is on
and all day long beautiful new fresh, crisp muslin under-
wear garments have been selling at a terrific rate. We
figured that we had bought enough muslin underwear in
this great purchase from The Royal Muslin Underwear
Company to last three days selling—Today, Friday and
Saturday, but by the way muslin underwear is selling to-
day it looks doubtful for Saturday evenings' selling.

Remember this muslin underwear sale is not our regular stocks but represents an enormous purchase at a
tremendous low price from a manufacturer who needed cash and we were lucky enough to get the cream of
this stock at practically our own price, and our policy—always—to give our customers the benefit of our
purchases is surely proven in this Great Muslin Underwear Sale.

HERE'S HOW WE ARE SELLING THE STOCK

LONGWORTH

Chosen to Open the Republican
State Convention at Columbus.

Columbus, June 20.—Congressman
Nicholas Longworth, of Cincinnati,
was chosen to open the Republican
convention in this city on July 25
next. This was agreed upon, accord-
ing to previously announced pro-
gram, at the meeting of the subcom-
mittee of the Republican state cen-
tral committee.

The members of it, Chairman Wal-
ter F. Brown, of Toledo; Secretary
Malcom Karshner, of Columbus; Ar-
thur L. Gafford, of Ellyria; Maurice
Maschke, of Cleveland, and Peter W.
Durr, of Cincinnati, sat around the
luncheon table at a hotel and as they
ate made this selection. John R. Mal-
loy, clerk of the Ohio senate, was
made secretary.

But few outsiders attended the
meeting, the most prominent being
Wm. H. Phipps, of Paulding, candi-
date for secretary of state, and Erig-
ham Young, of Ada, candidate for
dairy and food commissioner.

There were some who profess to
see in the selection of Mr. Long-
worth some constructive work on his
behalf as a candidate for governor in
the event that the Cincinnati Repub-
licans are forced to abandon the
support of Judge O. B. Brown, of
Dayton. None of the committeemen
who made the selection could see
this, however. It was perfectly ap-
parent and universally accepted that
his nomination was really made at
the White House. It is therefore a
part of some political maneuver.

**NEW STUNT
WORKED BY
SWINDLERS**

A clever short change artist got in
his work on E. J. Maurath, the well
known coal man, Wednesday, and as
a result the stranger is just \$16.75 to
the good. There are probably two
men working the stunt, which was
successful in every particular. Wed-
nesday a man about 30 years of age
rented a house at 121 Hudson avenue,
from Supt. J. F. Irwin of the B. & O.,
and then called Maurath's coal office
and ordered a ton of coal.

He asked that baskets be brought to
carry the coal in for he did not want
to get the lawn dirty. Later he called
the office and asked that chance for
a \$20 be brought, for he said that his
mother would be alone in the house
and did not have the proper change.

The coal was loaded by James Gun-
dy, a driver, and going to office he se-
cured \$16.75 and drove to the address
given by the man who said his name
was Evans. He was met by a young
man, about 19 years old, and was told
to unload the coal and was asked if
he brought the change. He replied
that he had and the young fellow told
him that his mother was across the
street, visiting a neighbor, and she
had the \$20.

When asked for the change Gundy
turned it over to him, expecting him
to return with the \$20, but that was
the last seen of him. This morning a
wagon was sent for the coal, which
was released and returned to the
yard.

The trick was about as clever as
any that has been worked around
here for some time and there is no
doubt to the man or men who worked
it.

BEAUTY MORE THAN SKIN DEEP.
A Good Complexion Must Come from
Within.

The natural desire of every ambi-
tious woman is to have a clear skin
and a beautiful complexion.

Not every woman can be a Diana
or Juno, but the beauty of freshness
and the bloom of a clear skin are
within the reach of every woman
who will make the effort.

It is all a matter of intelligent
trying.

If the bowels are inactive, if the
liver is not working properly, if the
poisonous waste and refuse are not
expelled promptly from the system,
complexion is sure to show the ef-
fect.

The only right way to remove
pimples, moth spots and blotches,
and clear up a cloudy complexion, is
to go right to the root of the
trouble with the proper remedy.

The one remedy that will cure
constipation, improve the complexion,
tone up the liver and insure a clear,
velvety skin is Seaver's Laxative
Tonic Tablets.

You should have confidence, for the
druggists will pay you back your
money if the tablets do not benefit
you as claimed.

**SOUTHERNERS ON
AUTOMOBILE TOUR**

A party of typical Southerners from
Richmond, Va., who have been on an
auto tour through Canada and the
Northern States, arrived here Friday
afternoon from Columbus, where they
stopped over Wednesday night and
Thursday morning to take in the ex-
position. They came through from
Chicago, stopping at Indianapolis and
Dayton and other points and were
much pleased with the country they
had passed through and the kindly
treatment they had received from all
with whom they had come in contact.
The party is traveling in two 14-
seater touring cars. In the first car to arrive
here Thursday afternoon were Mr. and
Mrs. John Swarwert and Mr. and Mrs.
Thomas Brockenhough and Mr. and
Mrs. Brovace. The second car contain-
ed Mr. and Mrs. W. F. Gordon, Mr. W.
D. Gordon and Miss Walker. The
trip from Columbus to Newark was
made in a little over an hour.

**NECK SAVED
FROM GALLOWS**

Frenten, N. J., June 20.—"What did
you butt in for? It was none of your
business. Now it will have to be done
over again." This was the greeting
Arthur Rose, convicted wife murderer,
gave Attorney Brower when the latter
reached him with a stay of execution,
a second before the current was to
have been applied to the electric chair
in which the prisoner was strapped.
Rose was to have been executed at 9
o'clock last night. Brower prepared
appeal papers, hired a racing auto
and caught a train on which was Su-
preme Court Justice Minburn Stand-
ing on the rear platform Brower used
his case, secured a stay of execution,
jumped off into his auto and raced the
prison just in time. That was the
thanks he got for his trouble.

operation. Then he extracted \$20
from Dr. Dean's pocket and vanished.
Dr. Dean's assistant was Dr. Jackson
Miller, who was graduated from the
College of Physicians and Surgeons
at St. Louis.

**NEW CORN CURE
A REAL MARVEL**

Guaranteed and Absolutely Painless.

A corn cure that is painless and
that will really do the work has fi-
nally been discovered. Heretofore,
the poor sufferer from corns has
been pestered with "drawing" salves
and plasters that swell the corns,
and has had finally to gouge out his
corn and inflict upon himself still
greater pain. With Hall's Painless
Corn Cure all pain ceases on the first
application, and then finally the
corn comes right off easily and
painlessly. You don't have to dig it
out and run the risk of drawing
blood, making your corns still more
sore or getting blood poison.

Hall's Painless Corn Cure is eas-
ier to use than any other; it takes
a few seconds to apply it. It is guar-
anteed absolutely in every case. You
must be satisfied, or back goes your
money.

HALL'S PAINLESS CORN CURE

Lasts longer than several packages
of any other corn treatment, and you
are sure to get rid of corns and bun-
ions. Sold at 25 cents a bottle at
